## A WHAT IS COMPARING?

A.1 COMPARING NUMBERS OF CUBES

Ex 1:

*Answer:*

- \> means *greater than.*
  < means *less than.*
  = means *equal to.*

- less than

- <
Ex 2:

Answer:

- \> means *greater than.*
  < means *less than.*
  = means *equal to.*

- greater than

- >
Ex 3:
Answer:

- \> means *greater than.*
  < means *less than.*
  = means *equal to.*

- equal to

- =
Ex 4:

Answer:

- \> means *greater than.*
  < means *less than.*
  = means *equal to.*

- greater than

- >
Ex 5:

Answer:

- \> means *greater than.*
  < means *less than.*
  = means *equal to.*

- less than

- <

Ex 6:

*Answer:*

- > means *greater than.*
  < means *less than.*
 = means *equal to.*

- equal to

- =

A.2 COMPARING NUMBERS OF FRUITS

Ex 7:

Answer:

- > means *greater than.*
  < means *less than.*
  = means *equal to.*

- less than

- <

Ex 8:

Answer:

- > means *greater than.*
  < means *less than.*
  = means *equal to.*

- greater than

- >

Ex 9:

Answer:

- > means *greater than.*
  < means *less than.*
  = means *equal to.*

- equal to

- =

Ex 10:

Answer:

- > means *greater than.*
  < means *less than.*
  = means *equal to.*

- less than

- <

Ex 11:

*Answer:*

- > means *greater than.*
 < means *less than.*
  = means *equal to.*

- greater than

- >

A.3 COMPARING NUMBERS OF CIRCLES

Ex 12:

Answer:

- > means *greater than.*
  < means *less than.*
  = means *equal to.*

- less than

- <

Ex 13:

Answer:

- greater than

- >

Ex 14:

=

Answer:

- equal to

- =

Ex 15:

>

Answer:

- greater than

- >
Ex 16:

$$2 \boxed{<} 3$$

Answer:

- $>$ means *greater than.*
  $<$ means *less than.*
  $=$ means *equal to.*
- 2 ones less than 3 ones
- $2 < 3$

Ex 17:

$$3 \boxed{>} 1$$

Answer:

- $>$ means *greater than.*
  $<$ means *less than.*
  $=$ means *equal to.*

- 3 ones greater than 1 one
- $3 > 1$

Ex 18:

$$5 \boxed{>} 2$$

Answer:

- $>$ means *greater than.*
  $<$ means *less than.*
  $=$ means *equal to.*

- 5 ones greater than 2 ones
- $5 > 2$

Ex 19:

$$3 \boxed{<} 4$$

Answer:

- $>$ means *greater than.*
  $<$ means *less than.*
  $=$ means *equal to.*

- 3 ones less than 4 ones
- $3 < 4$

Ex 20:

$$5 \boxed{=} 5$$

Answer:

- $>$ means *greater than*.
  $<$ means *less than*.
  $=$ means *equal to*.

- 5 ones   equal to   5 ones

- $5 = 5$

Ex 21:

$$2 \boxed{<} 5$$

Answer:

- $>$ means *greater than*.
  $<$ means *less than*.
  $=$ means *equal to*.

- 2 ones   less than   5 ones

- $2 < 5$
